

# WELCOME TO GOOGLE CLASSROOM AT THE CHANDLER

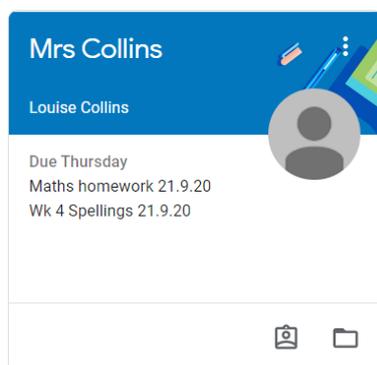

24<sup>th</sup> September 2020

Dear Parents/Carers/Children

After a few teething problems with passwords and logins we are now starting to use Google Classroom to send home homework. We, the staff, are learning alongside the children which is very exciting for us all.

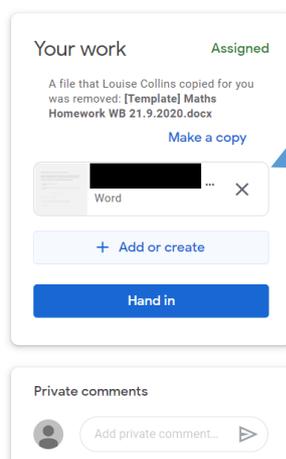

Below are some guidelines on 'how to submit work'. You can always get in touch if there is anything you can't figure out or if your child is struggling – make a note in their Homework Diary if you would like the teacher to see it straight away. Alternatively, please could you email the class teacher via the school office at [info@thehandlercofejuniorschool.org.uk](mailto:info@thehandlercofejuniorschool.org.uk) if there are any Google Classroom issues rather than messaging the teacher on Google. This then ensures the learning platform is only used for homework and messaging children. However, you can still see the messages your children and teachers are sending/getting.

## HOW TO SUBMIT YOUR HOMEWORK

Your page should look like this with your teachers' name.

Click on the piece of work you want to work on

On the right hand side, click on the document to open it.

Click on 'Open with Google Docs'

homework WB 21.9.2020.docx

Open with Google Docs

Maths Homework – Year 6 – WB 21.9.2020

Please submit your homework by Friday 25.9.2020

Answer each of these questions and check your work using the answers in red below. For questions 4. And 5., explain how you know that you are correct.

Submit your work back to your teacher using google classroom.

1. Write down this number in words:  
3,600,402
2. Use each digit once to complete the calculation below. Both numbers are greater than 3 million.

Maths Homework – Year 6 – WB 21.9.2020

Please submit your homework by Friday 25.9.2020

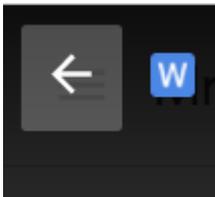

Answer each of these questions and check your work using the answers in red below. For questions 4. And 5., explain how you know that you are correct.

Submit your work back to your teacher using google classroom.

1. Write down this number in words:  
3,600,402
2. Use each digit once to complete the calculation below. Both numbers are greater than 3 million.

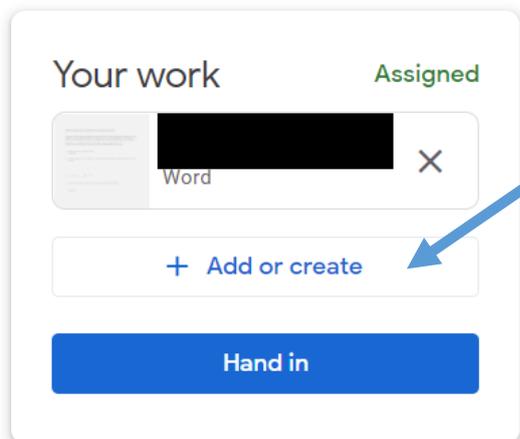

Now begin editing or following the instructions your teacher has given you.

When finished you can close that window – no need to save! It is automatically saved to your Google drive.

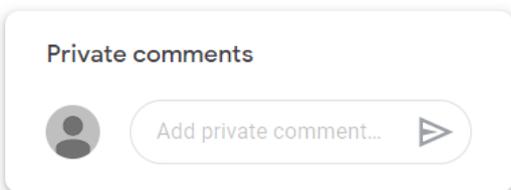

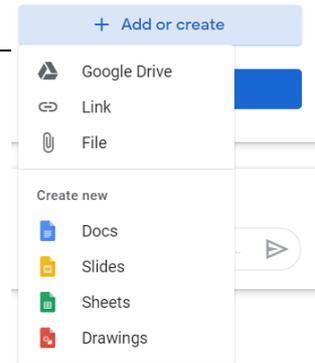

Once you have closed the edited tab you will be back to the page with the black background.

Now click the back button on that page, this will take you back to the assignment page.

Now click on add or create – this will take you to google drive and it is there that you can open the document you have just edited.

Lastly, hand in.

**You can send a private comment to your teacher – it may be that your teacher will only reply to you on certain days of the week so please be patient.**

## More top tips to follow next week!

Kind regards.
